JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

MEXICO.

Report from Coatzacoalcas—Inspection and fumigation of vessels—Sanitary conditions.

Acting Assistant Surgeon Thompson reports, June 18:

During the three weeks ended June 17, 5 vessels bound for ports in the United States were inspected and passed. Of these vessels, one was fumigated throughout, viz, the steamship *Comedian* for Pensacola. No sickness occurred on any of these vessels while in port. The health of the port is satisfactory.

Report from Progreso—Inspection and fumigation of vessels—Sanitary conditions.

Acting Assistant Surgeon Harrison reports, June 15:

Period June 8 to June 15. Sanitary conditions remained unchanged. Seven steamships have been dispatched, with crews numbering 259, and passengers, from this port, 38; of the vessels, one was fumigated.

Report from Salina Cruz—Inspection and fumigation of vessels.

Acting Assistant Surgeon McPherson reports, June 16:

During the period June 1 to 15, inclusive, 2 steamships cleared from this port for the United States, viz, the steamship *Mexican* and the steamship *Nebraskan*. They left June 3 and 12, respectively, for San Diego, Cal., and were fumigated.

Report from Veracruz—Inspection and fumigation of vessels—Sanitary conditions—Quarantine maintained against Laguna de Terminos.

Acting Assistant Surgeon Jacobs reports, June 14:

Week ended June 13. Total bills of health issued, 9; vessels inspected and fumigated, 3; vessels inspected, 5; vessel not inspected, 1.

The sanitary and health conditions of Veracruz and surrounding country are good. No quarantinable diseases were reported during the week.

Quarantine is being maintained against Laguna de Terminos.

NICARAGUA.

Reports from Bluefields, fruit port.

Acting Assistant Surgeon Layton reports:

Week ended June 9. Present officially estimated population, 2,500. General sanitary condition of this port and the surrounding country during the week, good. Mosquitoes increasing, especially *Stegomyia calopus*. No quarantinable diseases in this port or in surrounding country.
